Principal's Message:

It was wonderful to see so many of you on campus for Parent-Teacher Conferences. We love having you here! Our students, with their teacher's guidance, have set goals for themselves for the next trimester. It would be helpful if you could check on your child's progress periodically, as new skills are introduced throughout the year. We are now full speed into the Holiday Season. We have many special activities planned for our students.

In addition, we have our Cirby Closet AND Thursday, December 20th, 4:30 – 6:00 in our Multi-Purpose Room. Winter Break will be here before we know it. Friday, December 21st, will be an early release day at 1:15. School will not be in session from December 22nd through January 7th. School resumes on Tuesday, January 8th. Until that time, it is most important that your child comes to school each day on time, all day. Truant, unverified (no contact made), unexcused, excessive excused absences, early pickups, and tardies, all affect your child's education and increase the chances of failure. When students enter the classroom late, it interrupts the classroom and interferes with the learning environment for all students. Early pickups (before 2:25 pm) disrupt the continuity of the day for your child, his/ her classmates, and the teacher. Please try your best to arrange medical and personal appointments after school hours. Also, call our office (771-1730) each day your child is absent. Working together, your children will be able to reach their full potential and have a successful school year.

I would like to extend my warm wishes to all of you for a joyous and peaceful holiday season.

Merry Christmas and Happy New Year,

Karen Quinlan

Recently, the RCSD Transportation Department has requested that Roseville Police Department have a presence before and after school due to illegal parking/ blocking bus loading zones. We want to remind you that the white curb in front of the school is: **No Parking, Loading Zone** (signage is posted) - you cannot leave your car unattended. The bus loading zone (yellow curb) also cannot be blocked/ car cannot be left unattended. If you would like to park, the Cirby parking lot had extra spaces added earlier this school year. Additionally, across the street from the school (residential side) is 1-hour parking only. If you have any questions about parking, please contact the front office.

November Students of the Month

TK – Aleksandra Kurchin

Kindergarten – Myla Dominguez, Lina Alvino, Elitia Nuno Gomez

First Grade – Yaretzi Acevedo, Francis Lanas, Brianna Avalos

Second Grade – Zoey Ramirez, Marilyn Monroy

Third Grade – Luis Cruz Martinez, Yazmin Guzman Rodriguez, Cesar Lunar

Fourth Grade – Luterio Silva Panduro, Lupita Calixto Lazaro, Ethan Burbel

Fifth Grade – Isabel Marbot, Nayeli Deschler

Partnership with Placer County Food Bank

We are excited to be partnering with Placer County Food Bank. Our first two deliveries have been very successful! The December dates are:

December 11th: Fresh Produce (17lbs bags)

December 18th: Nonperishables/ canned foods (13lbs bags)

Food is available starting at 1:30pm and is first come, first served – no holds.

COLD WEATHER CONCERNS:

Don't let your kids fool you — they feel the cold just like we do! In fact, young children are more prone to heat loss and hypothermia when they're not properly bundled up.

So why do they insist on going coatless? Many reasons: Younger kids tend to dislike bulky, restrictive clothing or anything that is itchy or uncomfortable. Also, if they're used to picking out their own clothes (and asserting some of that growing independence), they may balk when a parent suggests an alternative. And older kids might think that wearing coats, hats, or gloves is just "uncool."

But whatever the reason, it's up to you to set guidelines. As a general rule, dress your kids as you would dress yourself. Wearing layers is the way to go. But rather than bulky, heavy materials, choose fabrics that are lighter and easier to move in. Soft, light cold-weather fabrics such as merino wool, polyester fleece, and other synthetic materials trap heat and absorb moisture. Allow kids to peel off layers when they get sweaty or overheated or add layers when they get cold.

To prevent hypothermia or frostbite when outside in the cold, kids need to wear a jacket or coat and cover exposed areas, like hands, ears, and heads. When indoors, socks and slippers may be needed on cold days and nights, depending on where you set your thermostat.

No doubt about it, kids are vulnerable to cold temperatures. So when it comes to cold-weather wear, trust your instincts. Helping kids brave the elements ensures that they'll stay toasty all winter long.
